

April 13, 2009

Dear Client of the Central Carolina Dental Clinic:

The Lee County Board of Health regrets to inform you that after many years of strong public service, the Central Carolina Dental Clinic will close its doors effective Friday, May 29, 2009. The clinic located at 900 S. Vance Street, Suite 250, Sanford, NC has provided a professional level of dental service through the work of its excellent, caring staff. However, due to a budget shortfall, increasing competition in this area and the local economic situation; it is time to end the services of this clinic. **This closing does not include dental services being provided by Central Carolina Community College Dental Program, which is located in the same building but a different office.**

Should you have a need to transfer your records, please call the dental clinic at 919/776- 3133 through May 29, 2009. After May 29, 2009, please contact Lee County Health Department at 919-718-4640 and ask for assistance. If you wish to find another dentist to serve you, please check with any of the area local dentists. If you have trouble finding a dentist, please call the Health Department and we will do our best to offer you the name of a dentist who is accepting new patients.

Thank you for the confidence you placed in us over these past years. The Lee County Health Department and the Lee County Board of Health look forward to serving you in the future with other programs and services offered by the Health Department.

Regards,

Howard M. Surface, MPH  
Health Director
